FAQs

IGiVE 2026

Our Community | Our Campaign

What is IGiVE?
IGiVE is The Christ Hospital Health Network's comprehensive team member giving campaign that provides you with the opportunity to support causes that are important to you. This includes United Way, ArtsWave, patient, team member, and student assistance, as well as network programs.

What is the timing of the campaign?
IGiVE runs from August 17-September 30.

What is the goal this year?
Increased participation and impact! We want to make sure everyone has the opportunity to learn about the campaign and make a gift.

What are the giving options?
United Way, ArtsWave, and The Christ Hospital Foundation (TCHF) are the three benefiting organizations. You can further designate a cause or fund within TCHF or United Way.

Is my gift tax-deductible?
All gifts are tax-deductible according to IRS guidelines. Please consult your tax advisor for additional questions. Gifts deducted by payroll are after-tax, not pre-tax.

If I want to give to all three campaigns, would I make one gift split three ways or three separate gifts?
Within the online giving portal, you will need to make three separate gifts. However, you can then designate a "charity" to direct your gift toward a particular United Way agency or a TCHHN fund within each campaign. ArtsWave is a single designation.

What are the different ways I can make a gift?
You can make a gift through payroll deduction, credit card or check. For team members with frozen PTO, you may also contribute PTO.

When will the first payroll deduction be deducted?
Your payroll deductions will begin with the first pay period of 2027.

When will my PTO donation be deducted?
Your PTO donation will be deducted from your Frozen PTO bank on the next pay period following your donation election. Please make your donation in four-hour increments.

How can I send in a check?
Giving online is quick and easy, but if you prefer to send in a check contribution, you may use the address below:

The Christ Hospital Foundation
2123 Auburn Ave #528
Cincinnati, OH 45219

Please put "IGiVE" and your fund designation in the memo.

I'm having trouble accessing the IGiVE site. How can I make my gift?
Access the portal while logged in to the VPN on your personal device. If you are on your mobile phone, you will be prompted to complete Multi-Factor Authentication (MFA) as an added security step.

If needed, you may also use our external site (thechristhospital.com/igivecampaign), complete a paper pledge form, or email your pledge amount or intention to igivehelp@thechristhospital.com.
